Does Not Know Cause of
the Disaster.

Italian troops are pushing steadily into Austria along a line running to the north of Trieste. Apparently they are not meeting serious resistance. Further west however, there has been severe fighting.

EXPECT DECLARATION

Dispatches from Basel, Switzerland, say that Germany will formally declare war against Italy within the next forty-eight hours.

ITALY TAKES PASSES

The Italian troops continue their advance into Corinthia. They have taken three of lower mountain passes and fourteen villages.

Madrid, May 28.—It is reported here that the pope has decided to leave Rome and take up his abode in Spain through the duration of the war.

Rome, May 28.—The Italian forces continuing their advance into the Austrian territory of Trentino, crossed the Isone river near the town of Montefalco while an advance guard occupied a peak near Montebello and occupied Luzella Prevala. The Italian losses in the later movement, according to a bulletin from Trentino at night, were only four killed and an officer and ten men wounded.

Twenty Miles Over Border.

In the advance on Montefalco the Italians progressed twenty miles over the border. Action to take the town is now expected momentarily.

Montefalco is thirty miles from the Austrian seaport of Trieste and the movement is aimed at that important center.

The Italians also attacked at several points along the forty mile front on the Carinthian frontier, winning uniform success.

The most serious battle of the advance is raging between Italian and Austrian forces near Ploken and west of Pradedi pass in Austria.

Italian forces which penetrated the Tyrol at Cindino and another Italian army which captured Cornons have reconstructed the railway and are marching on Goritz, the capital of the Austrian crown land of Goritz and Gradisca.

WILL START COURT ACTION ON WATERWAY

REP. HUBBARD ANNOUNCES LE-
GALITY OF ACT WILL
BE TESTED.

(Associated Press)

Springfield, Ill., May 28.—On the grounds that the measure is unconstitutional because it does not provide for a submission of the question to a referendum vote of the people of the state, court action will be brought to invalidate Gov. Dunne's waterway measure which passed the senate yesterday and which becomes effective on July 1. Such was the announcement of Representative Hubbard, who fought the passage of the bill in the house. Hubbard stated that Congressman Rainey would initiate court action and that he would be joined by Representative Turnbaugh and others.

David Boos, who is to act as manager of the Dixon opera house for the new leases, is moving into the house at the corner of Crawford avenue and Second street.

Release \$4,000,000 Herd In Quarantine Six Months

Chicago, May 28.—The \$4,000,000 herd of prize dairy cattle, held in quarantine at Hawthorne race track since the outbreak of the foot-and-mouth disease epidemic at the stock yards six months ago, was released today by the state board of live stock commissioners. The owners figured the expenses of the 750 cattle as approximately \$150,000 and admitted that any general attempt to eradicate foot and mouth disease by isolation, is doomed to failure because of the great expense.

"It would be foolish to attempt to do what we have done with any ordinary herd," said Dr. Joseph Hughes,

Nachusa Agent Saved Boy From Horrible Death

Jesse Emmert Dragged Frank
McClanahan From
Engine's Path

(Special to the Telegraph)

Nachusa, May 28.—Frank McClanahan, the thirteen year old son of William McClanahan, had a very narrow escape from being crushed under the wheels of C. & N. W. passenger train No. 20, east bound, at 11:10 o'clock Thursday morning, and but for the prompt action of Station Agent Jesse Emmert, the lad would undoubtedly have been seriously injured or killed.

According to reports the boy was riding his bicycle on the station platform as the train was pulling in to the station, and just as the engine approached him he fell from the wheel onto the tracks, the fall rendering him unconscious. While bystanders held their breath and turned horrified away, Emmert rushed forward and pulled the unconscious form from the tracks just as the engine passed by.

BUREAU CO. SHERIFF IS ON WAY HOME

SAILED ON PHILADELPHIA WITH
MAN WANTED FOR
MURDER

Princeton, May 28.—Sheriff O. H. Skoglund and Deputy J. H. Henderson, with their prisoner, Henry Forentini, sailed yesterday from Liverpool homeward bound. They took passage on the Philadelphia, the American liner on which they crossed to England. They will land in New York next Tuesday or Wednesday, if the boat docks on schedule time.

A cable received here yesterday morning announced their departure from London after having successfully accomplished their mission. It is said they had little difficulty in securing the extradition of Forentini, who was arrested in London several weeks ago at the request of the United States government.

Forentini will be brought back to Princeton immediately upon his arrival in New York and will be held in the county jail on a coroner's warrant to answer for the murder of John Hozie, who was shot in the Cherry mine, the night of March 29.

The inquest, which had been left unfinished, pending further developments in the case, was closed yesterday by Coroner Malm and a verdict rendered, accusing Forentini of the crime and holding him to the grand jury.

HOLIDAY HOURS AT POST OFFICE

City Carriers Will Make One Delivery
—Rurals None.

Monday will be observed as a holiday at the postoffice and the office will close at 10 a. m. for the remainder of the day. There will be one delivery in the morning by the city carriers, but none by the rural carriers. The money order and postal savings department will remain closed all day. The regular holiday collection of mail will be made in the business district in the afternoon.

DEFENDS GIVING PRIZES.

(Associated Press)

Chicago, May 28.—At the trial of Wm. Rapp, charged with gambling and conducting baseball pools, Rapp's attorney told the jury that the prizes, given by the Weekly World, Wilkes Barre, Pa., were a legitimate effort to expand circulation, and that the giving of prizes was widespread among stores.

AUTOS MUST STOP PARKING ON MAIN STREETS OF DIXON

MAYOR SCHMIDT ANNOUNCES AN
ORDER TO STOP PARKING
ON "OPEN NIGHTS."

STREETS NARROW TRAFFIC HEAVY

Order, Which Is Forthcoming, Is Ap-
plicable Only to Nights the
Stores Are Open.

Mayor Henry Schmidt announced this afternoon that he is about to issue orders to the police department to stop the parking of automobiles on Galena avenue, between the bridge and First street, and on First street between Galena and Madison avenues on Saturday evenings or on any other evening on which the stores are open.

Streets Are Narrow.

The narrowness of the streets mentioned and the presence of the street car tracks therein make it extremely difficult to handle the traffic on busy evenings, according to information submitted to the mayor, and he has determined to prevent the street being blocked by standing automobiles during these busy evenings. The orders will probably be issued this afternoon or tomorrow.

MAY FESTIVAL AGAIN POSTPONED

North Dixon School Event to be Given
Next Week.

Because of the continuation of the cold and wet weather it was found necessary to again postpone the May Festival, to have been given by the pupils of the North Dixon schools at Assembly park this afternoon. Inasmuch as there will be no school Monday (Decoration Day) no definite announcement can be made. However, it is planned to give the affair the first nice day after Monday.

Italy Has Great Confidence In General Zupelli, War Minister.

Photo by American Press Association.

Major General Vittorio Zupelli, the Italian war minister, is second in command to the chief of staff of the Italian army. It is known that General Zupelli was chosen because he will unquestionably follow the direction of General Cadorna, the strong man at the war office. Though officially his superior, Zupelli will obey Cadorna in everything. A story is told of Cadorna's attitude toward Austria. A fire eating Italian journalist called on him before war was declared and asked why he was not making war against Austria. Cadorna, drawing out an old fashioned gold watch, replied: "You see this? It was on my grandfather when he was hanged by the Austrians; my father wore it when killed fighting against the Austrians; it is on me now. I suppose you understand."

PARKER FOUNTAIN ARRIVED THIS MORN

WILL BE SET UP AT CORNER OF
THE LINCOLN WAY AND
GALENA AVENUE.

The Parker Memorial fountain arrived here this morning from the factory at Trenton, N. J., and was hauled to the corner of Lincoln Way and Galena avenue, where it will be set up and connected as soon as possible. The fountain is of very pretty design and will be useful as well as ornamental. It has a smaller bowl than other bubblers, but operates in much the same manner.

On the sides of the standard is the beautiful Lincoln Highway emblem in three colors. It is this emblem that has caused the delay as the potteries could find no way in which they could reproduce the blue of the emblem for a long time.

Around the edge of the bowl is the inscription in which the donor of the fountain dedicates it to the memory of his mother.

HAD EMERGENCY OPERATION

J. A. Snyder Rushed to Hospital Early

Amboy Woman Prefers Charge Against Fugitive

Alleges He Operated Confidence
Game; Sheriff After
Prisoner

Freeport, May 27.—Gov. Dunne's requisition on the governor of Wisconsin for the return of A. E. Robleson from Milwaukee for trial at Freeport was received at noon. Sheriff Ohmsgerds will leave tonight for Madison, for approval of the requisition, and expects to reach Milwaukee tomorrow.

Robleson is making a fight against returning. He has issued out a writ of habeas corpus, but as a warrant for his detention was mailed from here last night, it is in the hands of the Milwaukee officials by this time.

Instead of charging wife abandonment, which was named in the first complaint, the warrant charges Robleson with operating a confidence game. The complaining witness is a Mrs. Wolf, living near Amboy.

AMBOY LOSES "EXTRA" BOARD

Many Crews of I. C. Are Transferred
To Clinton.

The Illinois Central "extra board" has been moved from Amboy to Clinton, which means that the men of the extra train crews will begin and end their runs in that city. It is not likely that many of the men whose homes are in Amboy will move their families however. There is some dissatisfaction on account of the move and it is possible that the change will not be permanent.

Fire Department Had Two Early Morning Alarms

Damage In Neither Case Was
Serious; Sparks And
Matches Cause

The fire department answer two calls this morning, neither of which did any great damage. The first call was at 1 o'clock from the Jas. S. Fogarty home, 903 Jackson avenue. Mr. Fogarty had made a fire in the kitchen stove and had thrown the match into a coal hod but it is supposed the match lodged in some clothing hanging near the stove to dry. He left the room and on returning a few minutes later found the interior of the room in a blaze. The fire was extinguished with a few pails of water, so the assistance of the department was unnecessary. The woodwork of the room was charred and smoke had gotten into other parts of the house. The damage will be about \$20.

At 6:20 a. m. the second alarm came from a double house at 315 E. Fifth street. There was no chimney stop in the part of the house occupied by Thomas L. Billig and when a fire was started in another room sparks fell to the floor and set fire to a carpet and before being discovered had gained some headway. Much of the household effects in the room was damaged by the flames and the loss will be \$25 while the damage to the house will be about \$15.

LEE HUTTON SUES WIFE FOR DIVORCE

DEFENDANT IN RECENT MURDER
TRIAL NOW DEFENDANT IN
DIVORCE SUIT.

In the circuit court at Morrison this morning Lee Hutton filed a bill for divorce from his wife, Emma Hutton, of Sterling. He charges her with incorrigible temper. The defendant with her sister, Lillian Byers, last fall were acquitted of the charge of murdering their brother while the latter was at work in a field on his farm north of Sterling on July 9th. During the trial Mr. Hutton stood by his wife and bore the greater part of the expense of the trial.

FRENCH STEAMER IS AGROUND

Champagne Badly Damaged Near
Nasaire, France

(Associated Press)

Nantes, France, May 28.—The big steamer Champagne, of French Transatlantic service, is ashore near St. Nazaire and is badly damaged. The 900 persons aboard have been taken off.

Paris, May 28.—Officials of the French line stated that all passengers of the Champagne had been landed at St. Nazaire and that there was no anxiety as to the safety of the vessel. She was not torpedoed. The ship was engaged between Central and South American ports and France and sailed from Colon May 7.

Last February on the way from Mexico to Spain the vessel is said to have received a wireless that a man on board was believed to be a German spy and that he intended to destroy the ship. He was arrested and it is stated that five dynamite bombs were found in his trunk.

U. S. ARMY OFFICIAL TO BE HERE

Member of Davenport Recruiting Sta-
tion Will Visit Dixon

Robert H. Powell, a member of the U. S. Army Recruiting Station at Davenport will be at the Dewey hotel in this city from May 31 to June 1 to give information regarding the army to all interested. He will also be enabled to receive the enlistments of any who may desire to join Uncle Sam's land fighters.

FLOWERS ARE NEEDED.

The Floral Committee for Memorial Day earnestly requests every one having flowers to bring them to the Court House early Monday morning, May 31st, to be used in decorating the graves of the veterans.

Flowers are not overly plentiful and there will have to be considerable patriotic action on the part of citizens of Dixon if the graves of the soldiers are to be properly and fittingly decorated with flowers. Bring all the flowers you can get to the Court House Monday morning. There will be a committee there to take charge of them and put them in order at the cemetery.

The Hague, May 28.—Germany's reply to the United States note on the sinking of the Lusitania will be presented tomorrow, says a report here today. It will be temporizing in character and will ask the United States to either affirm or deny that the Lusitania carried ammunition destined for the allies at the time of her destruction.

Washington, May 28.—The state department is advised that the American steamship Nebraska, damaged by a mine or torpedo off the Irish coast, late Tuesday, has docked at Liverpool.

A naval attaché of the American embassy went to Liverpool to meet the Nebraska and conduct an examination of the vessel with a view to determining if possible the cause of the explosion.

Reports received at the state department indicate that upon the results of this examination will depend the attitude of this government. Captain Greene, master of the Nebraska, has already reported that nothing was seen or heard by those on board the Nebraska giving any clue to the answer to the question as to whether it was a mine or torpedo. There is still some hope, however, that with the arrival of the Nebraska in port, some of the officers or members of the crew will be found to have evidence which will aid in ascertaining the truth of the matter.

Anxiety Great.

The anxiety in this case is much greater than that manifested in any previous case, where American vessels have been the victim of an underwater attack. This is because it is realized that if the Nebraska was torpedoed by a German submarine, the act must certainly be regarded as a wantonly attack constituting almost an act of war. It is reported still as inconceivable that it could have been a torpedo attack unless the Germans desire to precipitate a break with the United States, which furnishes all the more reason for clearing up the uncertainty which now exists.

German Delay Getting Suspicious.

In this connection attention was called to the fact that not only has the German reply to the president's note requesting prompt action by the German government not been received but also there has been no definite indication from the Berlin authorities to Ambassador Gerard as to when it may be expected. While it is reasonable that Germany should desire some time in which to consider the president's demands, if there is not soon some sign of action in Berlin, a de-

Dramatic Notes

DIXON OPERA HOUSE.

Chicago critics claim that the Enterprise Stock company is one of the cleverest of Tabloid Stocks, a dramatization of the favorite novel "Thorns and Orange Blossoms," will be their opening production on Sunday night. Two performances will be given and also three reels of first class movies will be shown. "The wonderful serial, 'The Diamond from the Sky,' will also be shown one night a week. The stock company will change their plays four times weekly and the pictures will be changed every night. Prices of admission will be on a war basis, ten cents for adults and five for children. The Enterprise Stock company comes fresh from an engagement of two years in the best family theatres in Chicago.

PRINCESS THEATRE.

Tonight "The Altar of Ambition," a two reel American drama, will be shown at the Princess theatre, a story of political intrigue with Vivian Rich and David Lythgoe in leading roles. This story is one in which a husband interested in politics neglects his wife and incidents arise in which scandal is created. In the last scene there is complete reconciliation at the bedside of their child. The other pictures are "The Mutual Weekly," showing the latest scenes from the war zone and a comic entitled "Florey and Axel" in which is featured "Vic" Forsythe, creator of the famous "Florey and Axel" cartoons.

FAMILY THEATRE.

The new bill at the Family theatre, which opened last evening, pleased two large crowds. Last evening and consists of Dean, Cole & Dean, a comedy singing and talking trio who do good work and finish their act with a very laughable Charlie Chaplin stunt. Elliott & Williams, two young ladies, appear in a neat monologue and singing sketch and The Blues have a very interesting trampoline and cradles act. Pictures tonight are "A Jilted Elopement," featuring Charlie Chaplin, in two reels, and "In the Shadows of Death," an Edison drama.

GARRICK, CHICAGO.

Joseph Santley in "All Over Town."

Joseph Santley, with a company of 75 people, will present the rollicking musical revue, "All Over Town," at the Garrick theatre, Chicago, beginning a summer engagement on Sunday evening, May 30. The book of All Over Town was provided by Mr. Santley, the lyrics by Harry B. Smith and the music by Silvio Hein. The piece, which is presented under the auspices of the Shubert Theatrical company, is in two acts and ten scenes and was staged by J. C. Huffman. The dances were arranged by Jack Mason of the Winter Garden, New York, and the costumes designed by Melville Ellis. There are 23 musical numbers in All Over Town.

Mr. Santley, who has been appearing during the past three years as the star of "When Dreams Come True," made his first appearance in musical comedy with DeWolf Hopper in "A Matinee Idol." Previous to that time he had been the star in such melodramas as "Lucky Jim" and "Billy the Kid." Mr. Santley has, however, been able to live down his past. He has surrounded himself with an excellent company, two leading comedians, of which are Walter Jones and Roy Atwell. Others of importance are Marie Flynn, Beatrice Allen, Blanche Deyo, Richard Tabor, Ruth Randall, Saranoff, Lillian Lee, Dorothy Young and Charles Morgan.

This "timely, topical, tersely-humorous triumph" is said to be a "drove of dainty, dimpled divinities."

A popular dollar matinee will be given each Wednesday and the regular matinee on Saturday. A special holiday matinee will be given Monday, May 31, the day on which Decoration Day will be observed. A summer scale of prices will be inaugurated by the Garrick theatre beginning with Mr. Santley's engagement.

Fred Lind of Chicago was in Dixon today.

USE BRITISH SHIP FOR GERMAN CONTRABAND

Two Germans, Two Austrians and One American Indicted.

New York, May 28.—The use of British merchant ships to carry German sinews was charged in an indictment handed down by the federal grand jury against a group of five, three of whom are citizens of Germany or Austria. Unwittingly the steamship Carpathia carried 2,766 barrels of resin to Italy, but in those barrels were stowed a cylinder of rubber. Next, plans were made to ship bales of cotton waste on the steamship Cretic containing rubber, but the use of the x-ray led to the discovery of the rubber and the unfolding of the plot, now labeled as conspiracy to defraud the United States.

The five men who are accused of conspiracy in that they concealed the nature of the shipments by false manifests, are Harry Salomon, a lieutenant in the German army, now here on a furlough; Albert Salomon, an American citizen, both being members of Salomon Bros. & Co. of this city; Franz Rosenberg, an Austrian who has a business in Hanover, Germany; Sigmund Karman of Budapest and Albert D. Newman of Brooklyn.

FRENCH WIN GREAT SUCCESS

Germans Driven Out of Carency North of Arras.

Paris, May 28.—French troops have won decided successes in the region of Arras during the last twenty-four hours. They not only have managed to drive the Germans out of Carency, completely occupying the town, but have secured possession of a greater part of Abbein. In addition they have driven the German forces from their strongly fortified positions in the cemetery near Abbein and have advanced for some distance beyond it.

During this fighting, says the war office, the German losses were very heavy as they were the day before. Nothing is said as to the price in lives at which the French made their progress. It will be remembered that Carency was occupied by the allied troops several days ago, but were subsequently forced to retire before the violence of German counter attacks.

AMERICANS PURSUE BANDITS

Cattle Men Start Out to Clean Up Mexican Murderers.

El Paso, Tex., May 27.—Incensed by the killing of customs inspector Joseph Sitters and State Ranger E. D. Hulen by Mexican cattle thieves, a party of sixty men, heavily armed and prepared for an extended trip, have left Valentine, Tex., and entered the Big Bend country.

The cattle men of the Big Bend country, repeatedly harassed by smugglers from Mexico, have determined as a result of this last offense to clean out the Big Bend country if possible and the party now in the mountains will cover a wide territory in an effort to catch the Mexican bandits.

IS LABORER ONE DAY, "COLLEGE" HEAD NEXT

Even Overall Wearer Separates Suckers and Money.

Washington, May 28.—In times past the postoffice department has issued fraud orders against all kinds of schemes to separate people from their money, but for the first time the department leveled its fraud order on a college. In issuing fraud order against Stark college of Alliance, O., and its president, Charles M. Shafer, the postmaster general made public some novel accusations against that alleged institution of learning.

"Stark college exists only on paper," is the opening sentence of the report of the solicitor for the postoffice department in regard to the case. Then comes this interesting little pointer about "President" Shafer.

"Shafer is a man of little education, who, during the day, according to the postoffice inspector who investigated the case, was at the time of the investigation employed in Alliance as a day hand on certain roofing and cement work."

The versatile Mr. Shafer, according to the postoffice department, causes to be inserted in magazines and newspapers advertisements offering complete business, scientific, classical, normal and professional courses by mail for \$5, but does nothing for the pupil that he could not do for himself if he chose to buy a book and study it.

SEEING AMERICA FIRST—MOUNT VERNON.

America is full of shrines to which the pilgrim wends his way to scatter devotion and lunch boxes in their vicinity and chief of these is Mount Vernon, where Washington breathed his last in 1799.

Mt. Vernon sits on the hill crest above the Potomac 16 miles south of Washington. Here the patriotic visitor may see the home of the father of his country as it was 150 years ago when Washington lived there and set all national records for honesty, dignity and patriotism. Nothing has been changed where preservation has been possible. The rooms where Washington lived and died, the furniture, his clothes, the trees he set out, the flower garden he loved, the hedges he trimmed are all there. Mt. Vernon is one of the few American institutions which has not been changed to meet the demands of the growing nation. It is so perfectly of its past and so redolent with the high purposes which once filled it that proud owners of vast marble country homes,

1848, and was past 67 years of age. She came to this country with her parents when a young woman and was united in marriage with John O'Malley in Dixon in 1874 and has since resided here. To the union was born four daughters and three sons, five of whom with her husband survive, being: Misses Mamie, Ellen, Augusta, Florence and Edward, all at home. Two sons, James and Owen, preceded her in death. She also leaves two sisters, Mrs. Carney of Lasalle and Miss Bridget Hennessy and one brother, John Hennessy, of this city.

The funeral will probably be held on Monday morning at 9 o'clock from the house and 10 o'clock from St. Patrick's church.

DIXON AND COMPTON HIGH SCHOOL TEAMS TO MEET AT LINCOLN PARK

Weather permitting the North Dixon and Compton high school teams will hook up tomorrow afternoon at Lincoln Park in a game which is expected to be the best of the local high school's schedule. Compton defeated the Dixon lads early in the season but since then the locals have improved marvelously and they may be expected to give a great account of themselves when they take the field tomorrow—providing the weather man will let up a little. The game will be called at 3 o'clock sharp.

Rectory Reception

The reception given for Rev. and Mrs. Frederick C. Grant at the rectory by the members of St. Ann and St. Agnes guilds, was a delightful affair, more than 150 parishioners and friends attending. The affair was in charge of Mrs. Charles Chandler, Mrs. Theodore Fuller, Miss Francis Ingraham, and Miss Squires. Rev. and Mrs. Grant, and the latter's mother, Mrs. George Hardie of Evanston, received the guests.

Mesdames Tillson, Squires and Harvey, and Miss Eels poured and the Misses Mary Todd, Mary Morrison, Rosanna Dement and Mary Hauser served. Scarlet poppies and white daisies together with candles shaded in red created a very charming effect in the dining room, while peonies and other spring flowers were used profusely throughout the living rooms.

ARMENIANS LONGED RUSSIANS COMING

FOUGHT WILLINGLY AGAINST TURKS—ORGANIZED COMPANIES OF TROOPS.

Dilman, Azerbaijan, Persia, Apr. 12. Unlike the Belgians, the decimated Christians of Azerbaijan and Armenia fought of their own volition. For a hundred years, they have longed for the coming of the Russians. Volunteers were organized by the Armenians boldly, by the Nestorians under some pressure. The latter supplied 150 drilled men at their own cost and if they may be believed, rendered excellent service. Three thousand rifles were issued to villagers from Russian arsenals and thousands were employed in fortifying Urmia.

At Tabriz there was no massacre and little pillage, thanks to the energy and diplomatic skill of Gordon Paddock, American consul and the light of the Tabriz Christians on the bazaar was comparatively uneventful. Mr. Paddock delayed the entry of the Kurds, practically restrained the Persian government from flight and was then able to hold the local Moslems in check. Finally he went to the bazaar, where there are upwards of 5,000 shops, and stopped the pillage. Gen. Chernozuboff and all the foreign colony at Tabriz unanimously agreed that Mr. Paddock's services were invaluable.

The Kurds and Turks at Tabriz followed the Russians, whose retreat was stopped after the victory at Sarkamysch had halted the advance. On Kars, Gen. Chernozuboff drove them with machine guns from a canon, eight miles long, which forms the pass between Julfa and Tabriz, at the same time sending Gen. Ofrosimoff around the mountains to fall upon the Turkish flank. This combined attack, skillfully planned and executed, annihilated the invaders of Tabriz. About 1200 or 1600 perished in irrigation ditches before the city.

The butchery and devastation at Salmas was directed by Turkish officers.

COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

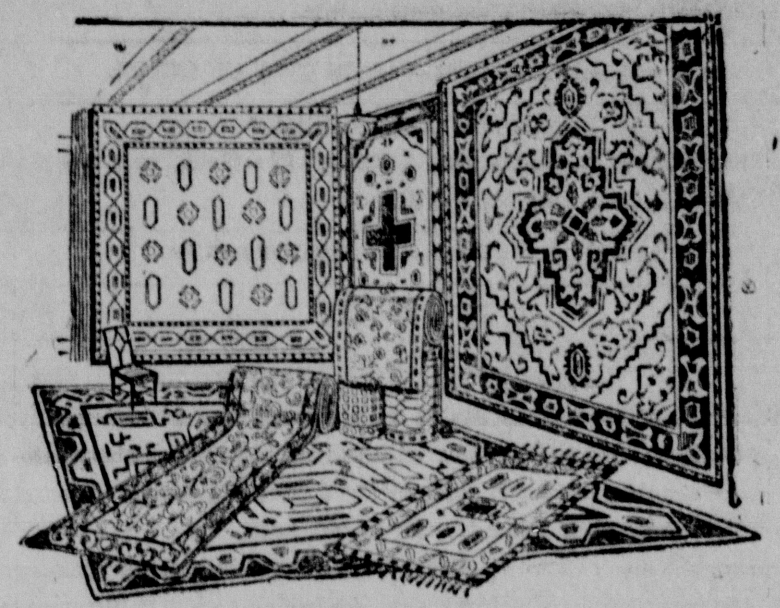

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulisified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two tea-spoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulisified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Why You Should Buy Rugs This Spring

Because you need them now. You've wanted them for a long time, you cannot make the home arrangements you want to make without them. You've planned on taking the front room rug for the dining room and the dining room rug up-stairs, and to make these changes you must get the new rug. You've declared that you would have a new rug for the spare bedroom and a new runner rug for the hall, some new small rugs for doorways and a nice new rug for the parlor when you cleaned house this spring—and now spring housecleaning is here and that's the very reason why you should buy your new rugs now.

And then can you think of anything that's getting cheaper? Of course—Good things are imitated—and the imitation is sold cheaper than the genuine—but think it over. Just now you can buy a good rug and buy it at a very moderate price, but what that same rug will cost you one year from now is indeed speculative—and we are not using a very-likely-to-advance-in-price argument as a reason why you should buy your rugs this spring, because the fact that you really want them is much more appealing—and as our lines this spring are resplendent with beautiful new patterns in new color-schemes, and all sizes and shapes are represented, all qualities and grades are shown, and our prices are right.

Moral: Buy your rugs now and have the pleasure of new things for your home.

THE PEOPLE'S OPPORTUNITY.

The people of the United States do not want war with Germany; the people of Germany do not want war with the United States. These two facts every patriot should remember, particularly during the period of stress likely to follow the receipt of Berlin's reply to our note.

We are convinced that the government has no intentions whatever of sending American soldiers to European battlefields, even if Germany's answer, which is improbable, should be a curt refusal of our demands. We have other ways of holding Germany to "strict accountability," ways just as effective as armed strife could possibly be. We have a navy amply able to protect our trade and vindicate our neutral rights on the high seas. It is not probable that the president has even considered an active war. We are fortunately so situated that we can enforce our position and exercise our rights without recourse to such a savage method.

It is easy enough for all Americans to say they are with the president now. The whole nation is behind such a note as he sent. But the time to stand behind the president will be a little later when his course may not have in it all the elements of popularity, and he will be acting from a knowledge of conditions far greater than that which the mass of citizens can possibly have. There are unfortunately many bitter partisans abroad in the land, and most of them are voluble critics. The president should be able to depend on the moral support of the great mass of common-sense Americans as he strives to guide the ship of state through the threatening narrows into a peaceful harbor. The test of his statesmanship will be his success in vindicating our rights sturdily while at the same time avoiding open break with any nation.

Let no American, by foolish criticism, interfere with the delicate negotiations looking toward that end.—Philadelphia Ledger.

NO FRIEND TO CUPID.

Fathers have long been deeply imbued with the idea that it was their inalienable right to set the house dog upon unwelcome suitors for the hand of the winsome daughters, remarks the Freeport Journal-Standard. In extreme cases fathers have taken the law into their own hands, so to speak, and have fanned the coat tails of the departing suitor with birdshot.

This privilege, however, has been regarded as a prerogative scarcely recognized by the law of the land. But in Oregon, at least, the father may vent his disapprobation in the foregoing manner without fear of punishment.

In Woodburn, Ore., the grand jury refused to indict Charles Johnson, charged with assault with a dangerous weapon with intent to kill because he bombarded with a shotgun, the retreating posterior of a suitor who persisted in calling on his daughter after it had been intimated that these calls were unwelcome—to the girl's father.

After this legal decision it would appear that the lovelorn swain must resort to Young Lochinvar methods, provide himself with reinforced armor or else make use of a periscope for the detection of the approach of the enemy from rear positions.

Modern ideas apparently have contributed but little toward smoothing the path of true love.

ITALY LOVES THE ARMY.

The Italian soldier is not only severely drilled but he is also expected to perform a good many duties not usually regarded as falling within the requirements of military service. It is considered incumbent on every man wearing the king's uniform to give aid wherever it may be needed for the protection of life and property, against crime, accident or disaster and whenever a calamity befalls—such as the recent earthquake—the first move is always to send troops to assist the suffering. That is one reason why Italy regards her army with affection as her protector at home as well as her defender against foreign aggression.

BLACK WALNUT A WAR WOOD.

Just as American black walnut is coming back to favor as a finishing and furniture wood the war comes along and threatens to gobble up the supply for the making of gun stocks, says the Nebraska State Journal. It is estimated that there are not less than ten million men in the combined European armies. In past wars guns have been used up at an astonishing rate. One statistician finds that it requires one rifle each month for every man engaged in fighting. At this rate black walnut will soon be beyond reach for gun stocks, and the manufacturers will be obliged to find a substitute.

The kaiser is making a place for himself in history, all right.

I pity the fellow who has no home! No wonder gray hairs are upon his dome No wonder he grumbles and grunts and sighs, and brushes the briny from both his eyes! I'd rent no palace of brick or stone, for an old caboose I can call my own, is better far, though it's cheap and small, than a fine hotel or a rented hall. I want to sit on my dinky porch, and pull away at a five cent torca, and mark the growth of the sparrow grass, or pull the weeds from the garden sass. I want to tinker around at dawn, and nail a board where I see one's gone, or tie a string to the pumpkin vine, and know that everything there is mine. I'd rather live in a shakly cot, with a lop-eared cow in the stable lot, and a barbed wire fence and a row of trees, and a swaybacked dog and a swarm of bees, and have no debts that would spoil my sleep, than have a hall with a donjon keep, and a mortgage big as the village square, though pomp and splendor were reigning there. To have a home and be out of debt—well, that is truly the best scheme yet!

NEBRASKAN PUTS INTO LIVERPOOL

Captain of U. S. Ship Does Not Know Disaster Cause.

CASE IS MOST GRAVE OF WAR

(Continued from Page 1)

Liberate plan to interpose unnecessary delay will begin to be suspected. Nebraska Destroyer Not Mine.

A disclaimer for Germany as regards the possibility that the Nebraska was struck by a mine was entered at the state department by the German ambassador, Count von Bernstorff. He left at the state department a personal note stating that according to his information from the German admiralty, all mines sowed by the German naval forces were of such a character that they become harmless as soon as detached from their moorings. It has hardly been suggested, however, that the Nebraska could have been struck by a German mine in view of position at the time she encountered the underwater explosive, the general opinion being that it was an English mine, broken loose from its moorings, or a German torpedo.

Examination of Hull May Show. It is not at all certain that examination of the Nebraska in dry dock at Liverpool will answer this question. The only hope that it will rests in the possibility that some fragments of the mine or torpedo which caused the explosion might have been blown inward and are now in the vessel. The difference of structure in the mine and torpedo is so great that it is declared to be comparatively simple to determine from examination of debris whether it comes from a mine or torpedo. According to newspaper reports examination of a Dutch steamer recently established the fact that she had been torpedoed not mined.

DUNNE CHOICES GIVEN O. K.

Senate Confirms Five Long on Black list by Vote of 42 to 1.

Springfield, Ill., May 28.—Republican senators in caucus voted to confirm the appointments by Governor Dunne of the following officials, who have been on the blacklist for many weeks. The senate later confirmed the following by a vote of 42 to 1: James H. Burdette, civil service commission; Charles E. Elliot, member Pontiac board; Walter Bennett, state fire marshal; Frederick Provost, west park commissioner. Senator Woodward, a Democrat, voted against the confirmation.

Naturalized Russ Pupil Says Lusitania Disaster Is Not Debatable.

East St. Louis, Ill., May 28.—A squabble involving the president of the school board, the principal of a high school and the pupils generally was concluded peacefully here when Abe Radmon, son of a naturalized Russian, was upheld by the president of the school board for refusing to debate the subject: "Resolved, that Germany was justified in sinking the Lusitania."

Treatment of a Dog. A dog is a pet, a friend and a helper. The confidence of a dog, once lost, is hard to regain.

In teaching tricks always reward the dog with some tidbit when he manages the trick properly.

A dog can be so trained that he will watch a cat without attempting to touch the food himself.

When you go into a yard and a dog growls as he comes to meet you speak kindly, act as though you were not afraid of him and he will regard you rather as a friend than as an enemy.—Detroit Free Press.

A Troublesome Cargo.

"An elephant's shoulder is never still" is a Hindu saying with reference to the restlessness of the animal. An Englishman tells how the elephant's passion for moving about once came near wrecking a ship.

A number of elephants were taken on board a vessel at Calcutta, and the steamer went down the Hugli river. At night it anchored off Sangor point. The sea was as still as oil, but the ship rolled so much that she was in danger of going over. The elephants had found that by swaying to and fro all together they could produce a pleasant rocking motion. As the ship had no other cargo and rode light the captain was much frightened. The mahouts, or keepers, were hurried down into the hold, and each one, seated on his own beast, made him "break step," but they had to stay there for a long time.

GERMANIC FORCES ON RIVER SAN ARE REPULSED; BERLIN

WAR SUMMARY.

(Associated Press) Russian forces have occupied Urumias, Persia, after battles with the Turks near Dilman and Bachala. The city has been beleaguered since Jan. 2, during which time thousands of native Christians have been killed by the Kurds and Turkish regulars.

RUSSIANS PUSHED.

In the northern campaign the Russians are closely pushed by the Austro-German forces. Vienna states successes have been won in the vicinity of Przemyśl, the capture of which would be a very serious blow to the Russians.

CLAIMS TEUTONS CHECKED.

Petrograd, however, says the Teutons are checked, and asserts that the Germanic attacks along the front from Upper Vistula to the river San have been repulsed with heavy losses to the attackers.

ANOTHER STEAMER SUNK.

The British steamer Cadeby was sunk yesterday off Sicily Island by the gunfire of a German submarine. The crew of eighteen and four passengers were saved.

The Danish steamer Elli Col, bound from England to Sweden, struck a mine off Stockholm and sank.

GERMANS ADMIT REVERSE.

The German army in the region of Sienawa on the left bank of the San River, has suffered a reverse, Berlin states, and was forced back with the loss of six cannon. The German force was not strong. ADD Steamer Aground. Berlin announces the capture of 9000 more Russians.

Inner Life In Constantinople.

Constantinople has a deleterious effect upon Europeans. So at least declared a "great and highly gifted lady," mentioned by Grant Duff. She had the honor of being received by the sultan. "I hope you like Constantinople?" inquired the monarch. "Yes," said she, "but I find great difficulty in leading my inner life here." The sultan started, but, recovering himself, said suavely, "Ah, no one should drink water here without having it previously boiled."—London Chronicle.

This Player "Quick Study."

For remarkable memory it would be hard to outdo a strolling player of the eighteenth century, of whom Sir William Robertson Nicoll has written. For a wager he once undertook to memorize the whole of the next day's Daily Advertiser and accomplished his task by repeating every line in the journal, news, headings, advertisements and all in perfect order and without a slip.—London Tatler.

WHY DINING CAR CHEFS PREFER KC BAKING POWDER

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K C and you will find it just as well suited to your requirements. K C is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K C Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K C Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

Try a can at our risk and be convinced.

No. 170, Series of 1914.

FINAL SPECIAL ASSESSMENT
NOTICE.

PUBLIC NOTICE is hereby given that the Board of Local Improvements of the City of Dixon, in the County of Lee and State of Illinois, caused to be filed in the County Court of said County of Lee on the 22nd day of May, A. D. 1915, a certificate showing the final cost of constructing vitrified tile pipe sewer in Crawford Avenue in the City of Dixon, for sanitary purposes, under and in pursuance of City of Dixon Local Improvement Ordinance No. 170, Series of 1914, and the amount estimated by said Board to be required to meet the accruing interest on bonds and vouchers issued to anticipate the collection of the assessment for said work.

Said certificate also shows that said work has been done and completed by the contractor doing the work in substantial conformity to the requirements of said ordinance and has been duly accepted by said Board.

The final cost of said improvement and the amount estimated for interest as shown on said certificate are as follows:

963 linear feet of 8" sewer complete, at seventy-four (74) cents per linear foot	\$712.62
616 linear feet of 6" house connection laterals at thirty (30) cents per linear foot	184.80
2 manholes at thirty (30) dollars each	60.00
1 flushing tank at seventy (70) dollars	70.00
8.26 cubic yards of rock excavation, extra, at two and one-half (2.50) dollars per cubic yd.	21.55

Total cost of work 1048.97
Lawful expense 28.52

Total cost of improvement \$1077.49

Public notice is further given that the court has set said certificate and any objections that may be filed therein for hearing at nine o'clock in the forenoon on Monday, the 14th day of June, A. D. 1915, or as soon thereafter as the business of the court will permit.

Said hearing will be held in the County Court Room in the Court House in the City of Dixon, County of Lee and State of Illinois.

Any person interested may file objections before the time set for hearing and appear and show cause why said petition shall not be taken as true.

Dated this 24th day of May, A. D. 1915.

GRAY HAIR BECOMES
DARK, THICK, GLOSSY

Look years younger! Try Grandma's recipe of Sage and Sulphur and nobody will know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

DEMENTTOWN DOINGS

It isn't altogether on sanitary grounds that the financier starts out to clean up the filthy lucre.

When an incendiary dodges suspicion, a cigarette is assumed to be the cause of the fire.

These unexpected showers are also hard on the creases in the particular man's trousers.

The more flattery a man hands his wife the less pin money he will have to dig up.

Every now and then the story of Signor Caruso in the monkey house and other history repeats itself.

Grease spots may be quickly removed from clothing with the aid of a small pair of scissors.

Making Practice Easy
"My daughter Jane practiced for two hours on the piano yesterday."

"She must like it."

"It isn't that, but it took me that long to finish the housework."

Right.
"When water becomes ice," asked the teacher, "what is the great change that takes place?"

"The greatest change, ma'am," said the little boy, "is the change in price."

The prisoner threw the magazines across his cell in disgust, and cursed eloquently.

"Nothin' but continued stories," he growled "and me to be hung next Tuesday."

TWELVE CYLINDER
AUTO IS THE LATESTPACKARD COMPANY ANNOUNCE
INTRODUCTION OF BIG
POWER PLANT.

A tumult of rumors relating to a twelve cylinder Packard has been crystallized by the announcement of a Twin Six. It is stated officially that the new model will be on exhibition in Indianapolis during the week of the big race.

In external appearance the new car retains all of the well known Packard characteristics. It looks much like previous models, except that the hood is shorter, the radiator tapered to conform with it, and the running boards set two inches nearer to the ground. The reduced length of hood permits of a shorter wheelbase.

When the hood is lifted startling changes are revealed. The twelve cylinders are there all right, but it is hard to realize that such a power plant can be so compactly stored away.

The Twin Six motor is exactly what its name implies, two six cylinder blocks arranged in V form with an angle of sixty degrees between them. This small included angle allows of such accessories as starting motor, generator and water pump to be placed in the standard Packard position just inside the frame, so that the space between the cylinders is left clear and the valves are conveniently accessible without the removal of a single accessory. The acute angle between the cylinders also permits of a narrow frame at this point, with the result that the turning radius is even shorter than before.

The motor is of clean cut design with nickeled trimmings and enamelled cylinders. The bore is three inches and the stroke five inches.

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."

Mrs. MATTIE HALEY, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

NEW GENERAL IS
YOUNGEST OFFICER

COMMANDER OF FRENCH TROOPS ON DARDANELLES IS 38 YEARS OLD.

Paris, May 3.—Correspondence of the Associated Press—Gen. Gourard, replacing Gen. d'Amade in command of the French expeditionary force at the Dardanelles, is the youngest general of division in the French army, born in Paris in 1867. He is the best known for having led the force that saved the situation at the time of the revolt at Fez. He had already distinguished himself at Soudan, in Mauretania and Morocco. It was he who pacified the turbulent district of the plateau of Adrar; he also captured alive the previously elusive bandit Samory.

He was named Brigadier General at the beginning of operations against Taza. Recalled to France at the outbreak of the war he was given command of a brigade, then of a corps of colonial troops. He was wounded three times during the war but never ceased his service.

He is taller than average Frenchmen, wears the old fashioned pointed beard, has very regular features and eyes that indicate the cool energy he has shown in his campaign. He is a grand officer of the Legion of Honor.

INTERNMENT OF ALIENS
BIG COST TO BRITISHADMIRALTY AND WAR OFFICE
ARE NOT PLEASED
WITH ACTION.

London, May 3.—Correspondence of the Associated Press—The admiralty and war office are not at all pleased over having to intern the 24,000 Germans of military age now at large. In spite of abuse for not taking such action sooner, which had long been a part of the anti-liberal propaganda of the conservatives and the yellow press, the government has interned few alien enemies able to support themselves. The government evidently put little stock in spy scares of the yellow papers.

To intern 24,000 men means a cost estimated at a quarter of a million a week, to say nothing of the soldiers required for guard duty who must be diverted from other service. Prisoners kept on nine internment ships are known to cost \$100,000 a week to maintain, and it is assumed the big land camps cost much more.

If the government carries out its proposed plan, however, some relief will be provided by the repatriation of 10,000 elderly interned prisoners, which will leave only 14,000 new ones to provide for.

A large proportion of Germans and Austrians caught in Great Britain at the outbreak of the war were waiters and hotel porters entirely dependent on small wages. In Germany the British interned are almost all tourists and students.

SALTS IF KIDNEYS
OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

ILLINOIS WATERWAY BILL UP TO DUNNE Measure Sponsored by Governor in His Own Hands.

Springfield, Ill., May 28.—The Dunne administration bill for the construction of an eight foot waterway from Lockport to Utica, Ill., connecting Chicago with the Mississippi river, was passed by the senate by a vote of 33 to 9.

Congressman Henry T. Rainey addressed the senate. Stating briefly his objections Mr. Rainey said: "This bill forever kills any chance for a deep waterway channel. It gives the farmers on the river above Starved Rock splendid levees, but does nothing for those below that point."

Attacking the \$600,000 allowed for expenses of the commission, the congressman said that if the members of the legislature were good and voted for the bill it would give each two jobs for his friends, but if they were not they would get nothing.

After Samuel Alachuler had finished an argument for the bill, Congressman Rainey closed by declaring the measure has a gold brick in every clause. He branded it as the worst piece of legislation ever conceived in any state.

Senator Denvir wanted to know that if the bill fails to pass how long it would be before the government would give Illinois a waterway. The reply was that it would be before this plan would give an adequate canal.

No. 171, Series of 1914. FINAL SPECIAL ASSESSMENT NOTICE.

PUBLIC NOTICE is hereby given that the Board of Local Improvements of the City of Dixon, in the County of Lee and State of Illinois, caused to be filed in the County Court of said County of Lee on the 24th day of May, A. D. 1915, a certificate showing the final cost of constructing vitrified tile pipe sewer for storm and sanitary purposes in Jackson Avenue, in the City of Dixon from the manhole heretofore constructed at the intersection of said Jackson Avenue and Fourth Street to a point 90 feet north of Seventh Street under and in pursuance of City of Dixon Local Improvement Ordinance No. 171, Series of 1914, and the amount estimated by said Board to be required to meet the accruing interest on bonds and vouchers issued to anticipate the collection of the assessment for said work.

Said certificate also shows that said work has been done and completed by the contractor doing the work in substantial conformity to the requirements of said ordinance and has been duly accepted by said Board.

The final cost of said improvement and the amount estimated for interest as shown on said certificate are as follows:

720 linear feet of 10" sewer at seventy-six (76) cents per linear foot\$547.20
243.3 linear feet of 8" sewer at Sixty (60) cents per linear foot 145.98
3 manholes at thirty-three (33) dollars each 99.00
3 catch basins at twenty-six (26) dollars each 78.00
666 linear feet of 6" house connection laterals at thirty (30) cents per linear foot 199.80
Total cost of work\$1069.98
Lawful expense 5.79

Total cost of improvement\$1075.77
Public notice is further given that the court has set said certificate and any objections that may be filed therein for hearing at nine o'clock in the forenoon on Monday, the 14th day of June, A. D. 1915, or as soon thereafter as the business of the court will permit.

Said hearing will be held in the County Court Room in the Court House in the City of Dixon, County of Lee and State of Illinois.

Any person interested may file objections before the time set for hearing and appear and show cause why said petition shall not be taken as true.

Dated this 25th day of May, A. D. 1915.

PLAIN QUESTIONS TO DIXON PEOPLE

EVERY DIXON READER WILL ADMIT THE SOUNDNESS OF THE LOGIC

Would Dixon people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have elapsed if their experiences did not show the remedy to be deserving of it? Statements like the following must carry conviction to the mind of every reader:

John Edons, 812 W. Fifth St., Dixon says: "I suffered from a lame back and my kidneys were out of order. Doan's Kidney Pills, procured at Leake Bros. Co.'s Drug Store, removed the lameness in my back and regulated the action of my kidneys. Another of the family got permanent benefit from Doan's Kidney Pills." (Statement given July 5th, 1910.)

OVER FOUR YEARS LATER, Mr. Edons said: "I still use Doan's Kidney Pills when I feel any symptoms of kidney trouble and they never fail to help me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Edons had. Foster-Milburn Co., Props., Buffalo, N. Y.

Why Milk Sours.

We are told by those who study the
ways and ravages of the mischievous
microbe that he is very fond of sugar
and that he delights to gratify this
liking by turning the supply in milk
into an acid which sours the milk.
These microbes are constantly in the
air, alive though invisible, and ready
to drop into the milk when they can.
If it were possible to keep the milk
from the air after the cow is milked
it would not turn sour. Warm milk
is particularly inviting to the microbe
and favorable to his operations. He
does not get along well under chilling
conditions, and that is why the sweet-
ness of milk can be preserved if it is
kept cold. Boiling fresh milk changes
the sugar in such a way that the mi-
crobe cannot feed upon it.—Baltimore
American.

Precious Manuscripts.

Considered one of the finest manu-
scripts in this country, the "Evangel-
istarium sive Lectiones ex Evangelis,"
Illuminated and of French-Carolingi-
an origin, may be seen in the New
York Public Library. The manuscript
is of vellum and consists of 200 leaves.
Its date is set in the neighborhood of
870 A. D. The late twelfth and thir-
teenth centuries are also represented,
and among the works from the four-
teenth century is the oldest extant
complete manuscript of the Wycliffite
version of the New Testament in Eng-
lish.—Argonaut.

There's a Reason For Everything.
"Wouldn't you try to get a divorce
from a woman who abused you and
neglected your home and thought more
of her club than she did of you?" thun-
dered the big man.
"I don't think I would," replied Hen-
ry Peck, "I am afraid Henrietta would
not let me."—Philadelphia Ledger.

EVERYBODY

would like to buy their Pineapples for canning at the
cheapest price. This seems to be the reason they all
wait for a while when they first come on the market. As
the public commence to buy, the price advances. This
has been the history of the pineapple market for a num-
ber of years back.

It seems now that the public is buying and that the
market will advance slowly. Such is advice from South
Water St. The Cuban Pineapples are now on the market
and are the kind mostly canned here. Florida's will not
be on the market for two or three weeks yet.

We have a full supply of the larger pines, which can to
the best advantage, as well as sugar, cans, caps and
rubbers.
